Speaker

Guy Williams and Adrian Furman were speakers today from BEFCOR (Business Expansion Funding Corporation). BEFCOR is a mission-driven lender whose focus is assisting small businesses. They help companies evaluate financing solutions so they can grow and create new jobs.

Business Expansion Funding Corporation, BEFCOR, has been a non-profit economic development lender in North Carolina since 1982. By providing loans to small businesses, they help emerging and expanding companies grow and create jobs.

Licensed by the U.S. Small Business Administration, BEFCOR is a Certified Development Company authorized to provide SBA 504 loans. SBA 504 loans offer long-term, fixed-rate financing to businesses, enabling them to own their commercial real estate rather than leasing it. The program also offers financing for other fixed assets, such as machinery and equipment. Refinancing of land, building and equipment is also available.
