B/S/H

Jamie Barnes told us all about B/S/H/. They are more than just Bosch! Thermador, Gaggenau and another 8 brands are part of the B/S/H/ home appliance group.

B/S/H/ is a key partner with the Volt Center. There is a program for people to see if they would like to work in manufacturing – and then another program to train new employees.

Our local facility is for more than just dishwashers. They make other appliances, have a huge warehouse for all the B/S/H/ products coming into the region and a call center. But they make a lot of dishwashers! One rolls off the line every 13.4 seconds and that puts them on track to build a MILLION dishwashers this year - right here in New Bern.

And there is more to be proud of, engineers right here in New Bern have made innovations in dishwashers and hold quite a few patents. There were several testimonies that Bosch dishwashers are great! The next evolution – you'll be able to direct washing power specifically at the baked-on casserole dish in the back left lower corner.

B/S/H/ is also an active participant in our community. Just look in the picture at the list of things they support and participate in. Jamie was proud to share that she was part of the winning team at the Great Trent River Raft Race this year. That's what happens when a bunch of engineers design the raft!

Last, but not least, they are very glad to partner with us for Octoberfest! And we are glad to have them!
